Reasons to choose Saga Health Insurance

Saga offers comprehensive health insurance for the over 50s. Which includes the following:

Choice of hospitals

Choose from an extensive network of private hospitals nationwide, whenever you require treatment.

Saga GP service

Speak to a doctor with unlimited access to telephone or video GP appointments 24/7, 365 days a year.

Choice of health plans

You can choose from four different Saga health plans to suit your needs and budget.

Options to improve cover

Tailor your policy to the cover that's right for you with options that include our Extended Cancer Cover.

Who underwrites Saga Health Insurance?

Saga Health Insurance is a unique product designed by us specifically for our customers and it is only available through us. Together with our underwriter, Bupa Insurance Limited, we are committed to providing high levels of quality, service and choice. That's why we offer a range of policies that can be tailored to suit your needs and budget.

[What is health insurance?](#)

Health insurance gives you quick access to private healthcare for early diagnosis and prompt treatment.

[Switching provider](#)

It's easy to switch your health insurance to Saga or set up a policy after a company scheme has ended.

[Compare healthplans](#)

We offer a choice of four health plans, each providing cover for diagnosis and prompt hospital treatment.

[Your choice of hospital](#)

One of the main benefits of Saga Health Insurance is choosing where you're treated, from a range of private hospitals.

[Saga GP Service](#)

The Saga GP Service offers unlimited access to telephone GP appointments - 24 hours a day, 365 days a year.

[Existing customers](#)

If you already have Saga Health Insurance and need to check your documents, make a claim or change your details, visit our existing customers page.

[What is health insurance and is it worth it?](#)

Having private health insurance means that if you develop a problem with your health, you'll be able to get a prompt diagnosis and receive treatment quickly. Following a GP referral, where necessary, using your private medical insurance to access tests or scans can help you get results more quickly.

Depending on your plan, you'll be able to have eligible treatment as an out-patient, day-patient and in-patient, at a time and place of your choosing. Health insurance gives you freedom and flexibility.

If you do need a hospital stay, you'll usually have a private room with all the mod-cons so you can rest up and get better in comfort. There are usually more flexible visiting hours and free car parking so your friends and family can generally visit any time.

[Additional cover benefits included as standard](#)

Saga HealthPlans also include additional services that can provide you with valuable extra support, even if you don't need to make a claim. Our aim is to get you back to normal life as quickly as possible. Cover benefits include:
