Cover at a glance

Saga Caravan Insurance offers two cover options for your caravan and equipment – new for old cover is available for caravans up to 15 years old\* and is based on the new replacement value, while market value cover is based on the current, second-hand value.

Whichever type of cover you choose, in addition to your caravan and equipment, you'll have cover for all this and more:

## Features and benefits

### Contents and personal belongings

We'll cover these against accidental damage, fire and theft, based on market value.

### Recovery and delivery

If your caravan's immobilised following an accident or incident, we'll cover the cost of recovering it to the nearest authorised dealer or back to the UK.

### Loss of use

If you can't use your caravan following an accident or incident on holiday in the UK, we'll provide cover to get you home.

### Friends and family

If you lend your caravan to friends or family, they'll have all the same cover as you, except for personal belongings.

### Personal accident

We'll cover you for certain injuries sustained in an accident involving your caravan.

### Vandalism

Your No Claim Discount won't be affected following a claim for damage caused by vandals.

### Caravanning in Europe

Choose our optional cover for unlimited trips in the European Union.

\* To qualify for 'new for old' cover:

- Your caravan must be no more than 15 years old

- If it's over five years old, you must have owned it for at least two years and it must be serviced annually
- You will need to insure it at the new replacement cost

### Additional cover options

We have a number of options that you can choose to add to your policy to give you even better cover...

#### European cover

For an additional premium, we can cover you and your caravan in the European Union for any number and length of trips throughout the year. This includes cover for equipment, awnings, contents and your personal belongings.

#### No Claim Discount protection

If you have the maximum 20% No Claim Discount (NCD) entitlement and you haven't had an accident or made more than one claim in the last two years, Saga can protect your NCD for a small additional cost.

This means you won't lose the financial benefit of years of careful caravanning if the unexpected happens and you need to make a claim.
