Carer support services

Your Care Support, powered by Tutella, is support for employees with caring responsibilities

Powered by Tutella, Your Care Support is a one stop resource for care advice, services and products. For

both your employees and their loved ones.

Managing that work/life balance can be difficult at the best of times. Throw in caring responsibilities for elderly parents on top of looking after kids, and it can be a recipe for high levels of stress and immediate need for time off work to sort out your care support. 24% of the working population are now carers and this is going to grow to close to 40% by 2030.

We can help to take some of those pressures away by putting employees in touch with the key experts to help them navigate the health and social care system, including where to find care, how to fund it and what to expect from social services and the care services.

Did you know that around 60% of the population have to fund their own care now and 80% of the adult population don't have any plans in place for care. Sometimes, we just need someone to take the strain and to guide us through the minefield of health and care. Specialist legal advice is critical and this is where we come in.

How does it work?

Employees simply call the 24/7 helpline, where they'll speak to an experienced care consultant who will listen to their needs and prepare a personalised plan for them.

Care Consultants will then take them through their care plan, offer expert advice and answer any questions.

Employees will also have access to regular check-ins to make sure the plan remains appropriate.

What is included:

- Emergency or back up care
- Helpline service that offers expert care advice
- GP Helpline provides access to a fully qualified GP 24/7
- A personalised social platform designed to connect carers with family and friends
- Specialist support and advice on care, medical costs, property, funding and legal help.

Employer support:

- Build a more focussed and resilient workforce
- Encourages better employee stress management across your organisation
- Helps reduce absentee rates and staff turnover
- Demonstrate a duty of care to your employees
- Supports a positive relationship between you and your employees

Employee support:

- Access to expert advice for peace of mind
- Provides a confidential and free service at the point of use
- Supports an individual through a difficult time
- Helps achieve a harmonious work-life balance
- No limit on service use and access
